Our Motto

What We Ensure?

Quality education is our motto and we focus on the overall development of every student and that's why our highly experienced or expert instructors not only deliver the theoretical contents but also put a great emphasis on quality and practical knowledge of each software courses. After completion of the courses, students get a certificate which are completely secure and authorized; and helps them in escalating their career and provides great recognition in the industries.

Our Mission

CAD DESK has a mission to developed a comprehensive network at national and international levels through its well managed franchise centers, where students can easily reach qualitative advanced technology with practical exposure, to make them directly EMPLOYABLE in industries. To shift from conventional software training to an all-inclusive training which includes theory, practical and software training with internships in industries.

Our Vision

Our vision is aim to make India a hub of well-trained Engineers and Technical professionals and also to establish a globally trusted name in the field of software training related to CAD / CAM / CAE. On certification from CAD DESK any company can rely upon the quality of skill of Engineers / Technical personnel in particular skills.

PROGRAMS

What We Offer?

CAD DESK is the leading software training institute in India, which offers vast range of training programs in the fields of CAD, CAM and CAE. More than 2 lakh students believe in CAD DESK and satisfied with their career growth with CAD DESK.

CAD DESK is the Authorized Training Partner of Autodesk, PTC, Bentley Systems and Dassault Systemes. And in a very short span of time.

Online Trainings

Instructor-led live lectures including practical demonstration of CAD, CAM, CAE, PMP and IT technologies. And connecting students or learners with job-oriented course contents.

Classroom Programs

Classroom programs on CAD, CAM, CAE, IT, IACD and Project Management courses with lab practice sessions in presence of instructors..

Self-Paced Learning

Online Video trainings with job-ready contents and self-learning path.

Internships

CAD DESK launches 100+ Internship modules every year to connect students with latest technologies.

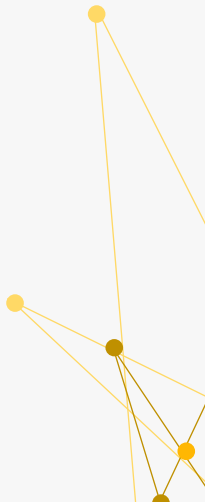

Classroom Program

Our Program

Our classroom program or offline trainings are designed by industry experts with job-ready course contents meeting the industry standards and requirements. Daywise learning path helps the students to track their learnings.

- 100+ Classroom Training Programs
- 1000+ Highly Qualified Instructors Team
- Real-time Project Development
- 100% Project based Technology Training
- Reference Guides and Practice Notes
- Daywise Learning Path
- Job Ready Course Contents Meeting the Industry Standards
- CCTP (CAD DESK Certified Trainer Program) Certified Instructors
- Certificate Accepted Worldwide

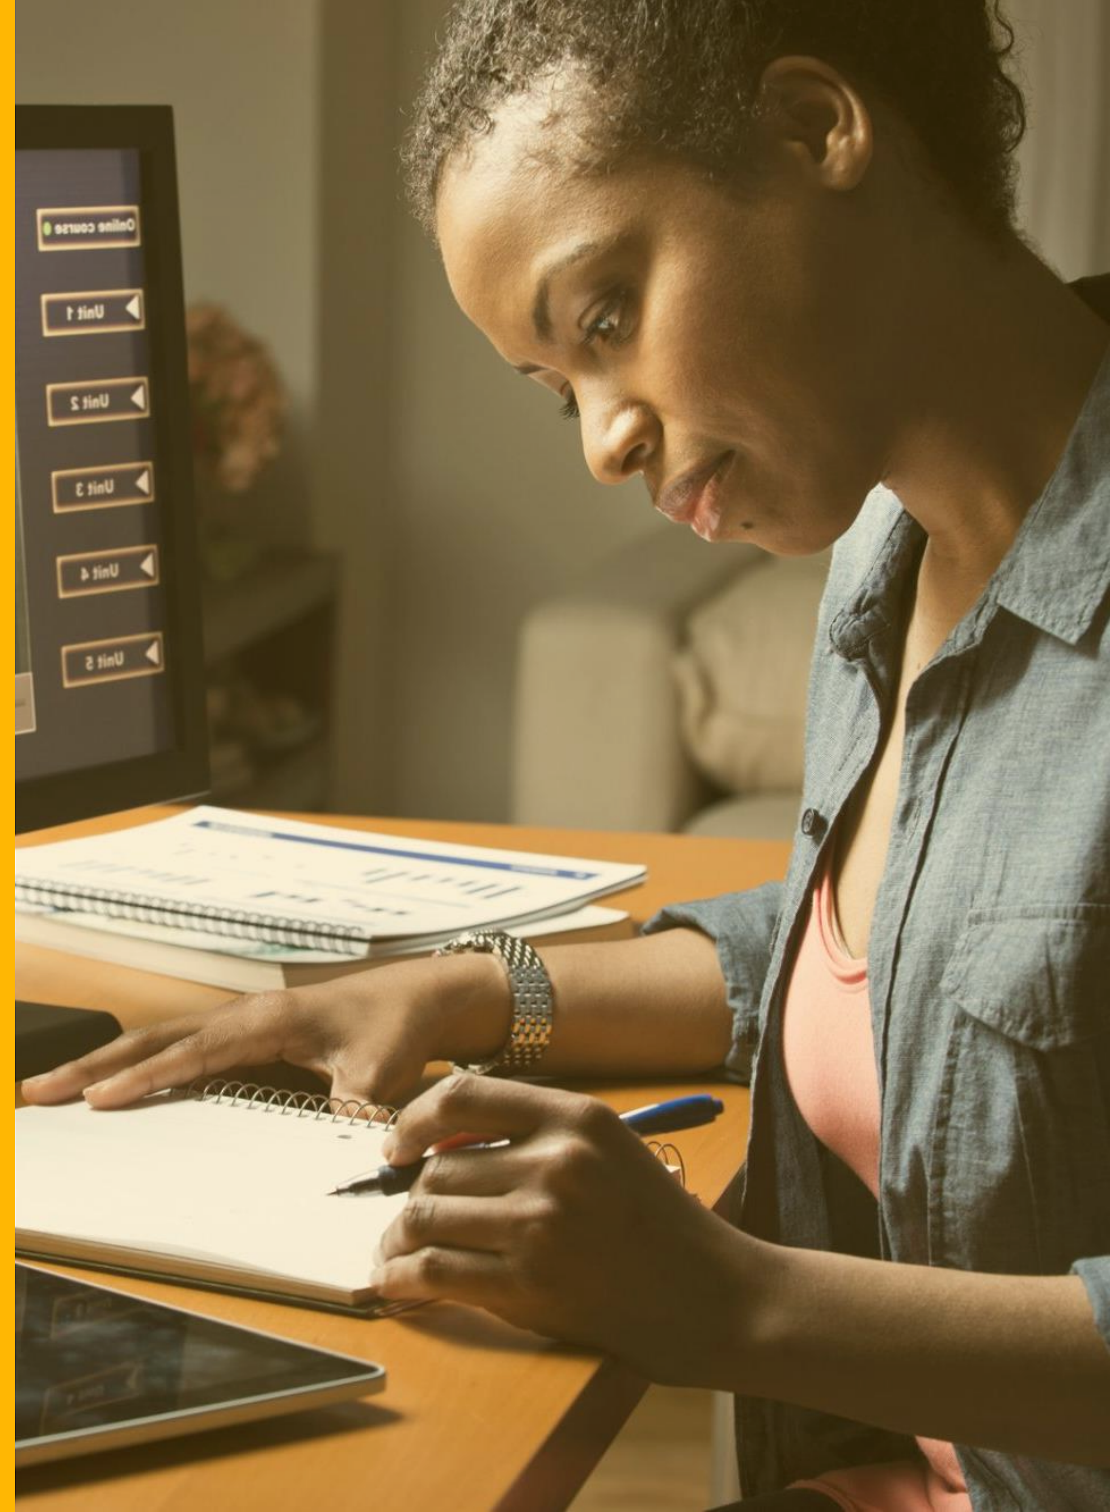

Online Teaching

Our Program

Choose from thousands of Live and video trainings and meet with industry expert. Get the easy live chat option to interact with instructor anytime from anywhere. Get the recorded video of each live session.

- 100+ Online Live and Video Trainings
- Instructor-led Live Lectures
- Self-paced Video Trainings
- Projects and Assignments
- E-books, Practice Book and Tutorials
- Easy to access from Student Dashboard
- Recorded videos of all live sessions
- Well Recognized Certification
- Access to Tests Or Quizzes

Internships

Our Program

CAD DESK Internships are designed with job-ready industry contents and project-based instructor led live sessions. Students can choose the internship module at their convenient and start learning at their own pace. Our only motive is to provide useful and valued internships/industrial trainings to students.

Project Based Instructor-led Live Sessions

Flexible Internship Duration
30 to 120 Days

100% Practical Technology Training

Instant **Internship Report** and Certification

Widely Accepted Internship Certificates

2000+ Join CADDESK Internship Every Year

Software or Tools **Installation Support**

Internships as per University or College Guidelines
